MISSION

The Mission of St. Richard's Episcopal School is to instill knowledge and values for a lifetime. St. Richard's provides a timeless, challenging curriculum that embraces diversity while developing global citizens, socially, emotionally, physically, spiritually, and intellectually.

HISTORY

In 1960, Trinity Episcopal Church responded to a growing need for a school with high academic expectations and a classic curriculum that would serve students from diverse backgrounds in the city of Indianapolis. From the original kindergarten class of 18 students, it has grown to its current enrollment of approximately 362 students in grades PK through Grade 8.

OVERVIEW OF ADMISSION PROCESS

Students are selected for admission on the basis of academic potential, developmental and social maturity, school achievement, behavior, and readiness for our program. St. Richard's admits and welcomes students of average to above average ability. Our community is populated by a rich variety of people representing a wealth of diversity in religious, socioeconomic, and cultural backgrounds and welcomes all family structures and sexual orientations—a hallmark since our school opened its doors in 1960.
